JUMANA HASEEN M

Frontend Developer

+91-9940766819 | jumanahaseen07@gmail.com | Urapakkam, Chennai | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of hands-on experience building responsive React.js applications, reusable component libraries, and performance-optimized web interfaces. Certified by Meta in Frontend Development. Proficient in JavaScript (ES6+), HTML5, CSS3, React.js, Git, and RESTful API integration. Skilled in translating Figma designs into pixel-accurate, accessible UIs. Seeking an entry-level frontend role to contribute production-ready code to a collaborative engineering team.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), React.js, HTML5, CSS3, Bootstrap
Tools & Platforms: Git, GitHub, npm, Node.js, Express.js, Figma
Concepts: Responsive Web Design, Component-Based Architecture, State Management, Caching & Performance Optimization, Code Refactoring, RESTful API Integration, Cross-Browser Compatibility, Accessibility (a11y)

WORK EXPERIENCE

Frontend Developer — Self-Directed Projects *Jul 2022 – Mar 2025*

- Built and deployed **5+ React.js** single-page applications and reusable component libraries from Figma design specs, with zero external design-to-code gaps
- Reduced component dependency count by eliminating redundant libraries, improving bundle maintainability
- Implemented client-side caching and optimized React state management, cutting redundant re-renders and improving perceived load performance
- Delivered responsive, cross-browser-compatible UIs using CSS3 Flexbox/Grid, ensuring consistent rendering across Chrome, Firefox, and Safari
- Maintained version-controlled codebase on GitHub with structured commits across all projects

Project Mentor — Web & Embedded Systems *2023 – Present*

- Mentored 3+ undergraduate teams through full project lifecycle: requirement analysis, architecture planning, implementation, and deployment
- Guided development of a **Library Management System** with real-time Razorpay payment gateway integration (React.js + Node.js)
- Supervised an **Online Bookstore App** deployed on GitHub Pages (React.js, GitHub Actions CI/CD)
- Coached hardware project: **ESP32-based Heart Rate Monitor** with real-time biometric data visualization

Computer Science Teacher | AVMHSS *May 2025 – Jul 2025*

- Taught Computer Science to Grades 2–5, designing interactive web-based learning tools to boost student engagement
- Created reusable educational HTML/CSS content modules used across 3 grade levels

Frontend Development Certification | Meta (Coursera) *Jan 2022 – Jul 2022*

- Completed 9-course Meta Frontend Developer Professional Certificate covering HTML, CSS, JavaScript, React.js, Bootstrap, Figma, and npm
- Passed code assessments emphasising best practices in component design, accessibility, and performance

Data Conversion Specialist | HTC Global Services *Feb 2017 – May 2017*

- Analyzed and converted structured data sets using Excel automation tools, reducing manual processing time
- Documented data transformation logic to ensure reproducibility across team workflows

Software Development Intern | Sanspareil IT Services *Jan 2016 – May 2016*

- Built a prototype e-learning platform using Java and MongoDB, delivering core modules within the 5-month internship timeline

- Applied MapReduce algorithm for batch data processing, improving data aggregation efficiency

PROJECTS

Portfolio SPA (React.js)

- Single-page portfolio built with React.js, deployed via GitHub Pages — demonstrates component composition, routing, and responsive layout

Interactive Quiz App (JavaScript)

- Vanilla JS quiz application with dynamic question rendering, score tracking, and timer functionality

Price Enquiry Chatbot (JavaScript)

- Rule-based chatbot interface for product price queries, built with HTML/CSS/JS and deployed on GitHub Pages

Bookstore App (React.js)

- Full-featured online bookstore with product listing, cart state, and responsive layout

EDUCATION

B.E. Computer Science & Engineering | M.A.M College of Engineering *2016*

CGPA: 7.08 / 10

CERTIFICATIONS & ACHIEVEMENTS

- **Meta Frontend Developer Professional Certificate** — Coursera / Meta (2022)
- Limca Book of World Records — Fastest Rubik's Cube Solver (team event)
- Merit Award — Time Quiz "Aqua-Regia" (intercollegiate academic competition)
- Presented paper on Cloud Computing at national-level technical webinar
- Tamil Panel Speaker — "Nalla Pesunga Nalladhaye Pesunga" public forum
